Sub: Formation of the IEEE Madhya Pradesh Section

Dear Bombay Section members,

Belated, but happy Diwali greetings to you and your families. I hope we will enjoy a safer, engaging, productive days ahead.

As you may be aware, Bombay Section has forwarded a petition from Prof. Geetam Tomar in October 2020, to elevate the Madhya Pradesh Sub-Section to a Section. He was informed of the approval for the same by the IEEE MGA Board as of 26-Jun-2021. The newly formed MP Section's geography comprises of Madhya Pradesh and Chhattisgarh states. Heartiest congratulations to the MP Section – the 13th in India, and to the interim Execom Chaired by Prof. Tomar. We wish the new Section all the best under the leadership of Prof. Tomar.

Bombay Section is proud to have given birth to three Sections - Gujarat (1990), Pune (2010), and Madhya Pradesh (2021). It now spans Maharashtra (excluding Pune city), Goa, and Diu & Daman.

This is for information to all the Bombay Section members in general and also to the Execom, Chairs of various affinity groups, standing committees, chapters/societies/councils as well as BC's and Chairs of Student Branch Execoms in particular for noting the new geography of the Section as well as for planning of the future events and other activities with effect from January 1, 2022. Thank you.

Dr. B. Satyanarayana
Chairperson, Bombay Section
